STATEMENT OF SUBSTANCE OF INTERVIEW

Sir:

On July 8, 2010, a telephonic interview was conducted between Applicants' undersigned attorney, Christian Mannino, and Examiner Vo.

During the interview Applicants' attorney discussed the Office Action of March 9, 2010, and more specifically the application of U.S. Pat. 6,400,103 (Adamson). The Examiner provided a further explanation of his reasoning for the rejections set forth in the Action, and suggested some amendments to the application. In particular, the Examiner suggested changing the recitation of Claim 38 "selectable by a central control unit" so that it reads --updateable by a central control unit--. The Examiner also

suggested amending the drawings to show steps of updating the recited "operational mode". The Applicants thank the Examiner for those suggestions, but have decided not to so amend the application at this time.

Applicants' undersigned attorney may be reached in our Costa Mesa, CA office by telephone at (714) 540-8700. All correspondence should continue to be directed to our below listed address.

Respectfully submitted,

/Christian Mannino/
